Subject: RE: Madison Kipp PCB Remediation Matter -- Update on Status

Dave:

I apologize for the delay in getting back to you, but I was out of the office for a couple of weeks and I have been catching up on my matters this week. Are you available for a brief call, just between the two of us, on Thursday afternoon (after 2pm central)? At this point I'm just trying to gather some information from you about the status of the matter and also I want to advise you of EPA's current position on the matter based upon the information we have received from WDNR to date. This shouldn't take long. Thanks.

Sincerely,

John P. Steketee

John: I currently have good availability for a call July 17, 20 and 24-26. Perhaps Mr. Ross and Ms. Kramer should participate as well on behalf of the State.

 Subject: Madison Kipp PCB Remediation Matter -- Update on Status

Dave:

After participating in a telephone discussion between EPA and WDNR yesterday, I believe you and I should have a discussion re: the status MKC PCB matter in the next few weeks. Please note, I will be out of the office July 3 through 14, 2017. Please let me know your availability to discuss the matter after July 14th. FYI, the information we received from WDNR yesterday has resulted in a recommendation that the matter be elevated to our Regional Administrator. Thank you.

John
